These classes are for both couples and singles however please note that **if you come as a couple and wish to remain dancing as a couple and not change partners then that is fine.**

If you come without a partner, we will be offering opportunities to dance with different partners if you wish. Please note however we cannot guarantee you a partner as we do not know the numbers or gender mix of the people attending. Just turn up on the night and see who else is there. If you choose not to take part we will of course give you a full refund. I'm sorry but we cannot arrange/find partners for you. **You can choose to dance "solo"** during the class if you wish.

Classes are £8.00 per person per class

Classes are Pay-As-You-Go. Only pay for the classes you attend. No up-front fees.
No annual membership. No need to book or pre-register, just turn up on the night.
